

Monitoring the skies

Skyminder clients can now access a monitoring service on companies located in 16 European countries, when ordering credit reports. The countries involved are Austria, Belgium, Bulgaria, Croatia, Czech Republic, France, Germany, Greece, Hungary, Luxembourg, Poland, Romania, Slovakia, Slovenia, Spain and the UK.

The monitoring service covers the 12 month period following the order and covers any company changes such as the filing of new balance sheets, bankruptcy, changes in company name or address, defaults on payments, prejudicial events, directors, variations in company capital or shareholders and changes in rating.
