## SkyMinder by CRIF Offers Credit Content From 6 New Local Information Providers

Wednesday August 30, 9:43 am ET

TAMPA, Fla.--(BUSINESS WIRE)--Aug. 30, 2006--Worldwide business information provider SkyMinder has recently announced that 6 new information providers have been added to the range of SkyMinder sources, providing SkyMinder customers with their freshly investigated credit reports.

In an aim to offer clients the highest quality choice of credit reporting sources possible, SkyMinder chooses the best sources on offer in each country and makes their reports available at <http://www.skyminder.com/>.

The new sources, covering Turkey, China, Poland, Peru, India and Chile are:

- DTB Dis Ticaret Bilgi Merkezi provides reliable, accurate reports on companies in Turkey through a network of highly-educated researchers and credit analysts.
- Huaxia International Credit Consulting Co., Ltd. supplies business credit reports from a database covering 13 million Chinese firms.
- InfoData credit reports cover more than 2 million Polish companies, including small, locally-based concerns.
- Informa Del Peru offers credit information on 4.5 million Peruvian business concerns, thanks to a daily update of more than 100,000 data.
- Mira provides credit & status reports on Indian companies, covering 100,000 Indian companies.
- Transworld Services SA (TWS) offers credit reports on Chilean companies which contain in-depth, quality information on any given commercial concern.

"We are delighted to welcome these new suppliers on board," says SkyMinder's Manager Silvia Cappelli, "Our clients need reports that are updated, reliable and timely - after a careful screening process we know that our six new providers not only meet but surpass these requirements. It's a great plus for our customers."

"Areas such as Latin America and Asia are a little tricky when it comes to credit reporting," adds Bob Schmitt, SkyMinder's US Sales Manager. "This is a valuable addition to our content portfolio - another enhancement has been made to an already rich information source."

Existing SkyMinder clients can access reports from these new and existing information sources by visiting <http://www.skyminder.com> and searching in the Credit Info function.
