### **CRIF / EFMA European Survey Examines Strategies on Responsible Lending**

CRIF and EFMA conducted a survey which examines the strategies put in place over the last year by lenders in 16 European countries in reaction to the economic crisis, to counteract over indebtedness among retail customers, and pursue an approach based on responsible lending. The CRIF/EFMA report also looks at regional variations of the implementation of the *EU Consumer Credit Directive*. *To read the full story click on the link:*
